

BIKE RIDES AND CANOE TOURS ON GULDBORGSUND

1. BIKING

The Sundruten is a beautiful nature-cycling route around Guldborgsund – a tour of about 44 km.

2. CANOING

The Sundruten also offers canoe tours down the Guldborgsund between Lolland and Falster, where you can stay overnight in one of the many nature campsites along the coast.

3. A suggestion for cycling tour around Guldborgsund

A 44 km tour round the beautiful Sundruten from Nykøbing Falster via Guldborg Lolland and back.

The tour starts at the marina in Nykøbing Falster and goes along the north coast towards Guldborg – following the signs saying SUNDRUTEN.

On your way, you will pass the manors Ny Kirstineberg, Pandebjerg and Vennerslund and see a very scenic area with woods, small villages and many fields in different colours and of course the blue strait on the left side.

After 20 km you are in Guldborg Falster, where you will cross the Guldborg bridge to Lolland, you can have lunch on the sandy beach on the right side or you can go to the marina on your left side, here you can buy lunch, ice or coffee in the cafe Lagunen.

Continuing along the south side of Lolland, you turn left just before Majbølle driving along the bird sanctuary. On your way, you will ride over the tunnel going under the strait, and here you have the feeling of standing in the middle of Guldborgsund. The tour carries on through the forest Hamborgskoven passing the Medieval Centre and ends with returning to the marina in Nykøbing Falster
